SOWMIYA M

Chennai | +91 6374630969 | sowmiyam0204@gmail.com | LinkedIn | GitHub

Analytics-driven professional with hands-on experience in SQL, Python, ETL workflows, data analysis, dashboard development, and machine learning across banking, retail, and HR domains. Proficient in Power BI, Tableau, Excel, PostgreSQL, MySQL, and Apache Airflow for data extraction, transformation, visualization, and reporting. Strong foundation in data modeling, data validation, KPI reporting, predictive analytics, and database management, with the ability to transform complex datasets into actionable business insights for data-driven decision-making.

SKILLS

Data Analytics & BI: Power BI, Tableau, Looker, Tableau Prep, Microsoft Excel, Power Query, Power Pivot, DAX
Data Engineering: ETL, Apache Airflow, Data Pipelines, Data Ingestion, Data Transformation, Data Validation
Programming Languages: Python, SQL, Java
Databases: MySQL, PostgreSQL, Relational Database Design, SQL Query Optimization
Machine Learning: Scikit-learn, TensorFlow, Predictive Analytics
Tools: Git, GitHub, Docker, Figma, VS Code
Core Concepts: Data Modeling, Data Warehousing, Business Intelligence, KPI Reporting, Database Normalization, Data Quality, REST APIs, SDLC, Agile Methodologies

INTERNSHIP EXPERIENCE

Bilight Solutions (On-Site) *Chennai*
Student Intern *Feb 2025 – Apr 2026*

- Developed and optimized SQL queries using MySQL to process and manage 10,000+ records across HR, retail, and banking datasets.
- Designed ETL workflows using MySQL, Tableau Prep, and Power Query to transform and validate data across three business domains.
- Created 6+ interactive dashboards using Power BI and Tableau to visualize KPIs, business performance, and operational trends.
- Performed data cleaning, validation, and quality checks on 10,000+ records, improving data consistency for dashboards and reporting.

PROJECTS

Crypto Data Pipeline and Power BI Dashboard *(Link)*
Tech Stack: Python, PostgreSQL, Docker, Apache Airflow, Power BI, Git

- Engineered an end-to-end Bronze–Silver–Gold data pipeline using PostgreSQL, Docker, and Apache Airflow.
- Automated data ingestion and validation workflows to process daily cryptocurrency datasets using Apache Airflow and PostgreSQL.
- Visualized actual vs. predicted cryptocurrency price trends from a machine learning model using Power BI dashboards.

Banking Systems and Performance Analysis Dashboard *(Link)*
Tech Stack: Tableau, Tableau Prep, SQL, Excel

- Analyzed 40+ RBI datasets covering banking transactions, infrastructure, and digital adoption across 50+ banks.
- Transformed large-scale datasets into actionable business intelligence through ETL workflows.
- Created 5 interactive Tableau dashboards utilizing LOD expressions, dynamic parameters, and advanced calculations.
- Presented insights on YoY growth, channel performance, customer adoption, and benchmarking across 50+ banks.

Retail Industry Dashboard
Tech Stack: Power BI, MySQL, Python

- Cleaned and preprocessed 50,000+ retail records using MySQL to ensure data quality and consistency for analysis.
- Designed 4 interactive Power BI dashboards to visualize sales trends, customer behavior, and key business performance indicators.
- Developed a next-year demand forecasting model using Python and evaluated its performance using regression metrics.
- Delivered actionable insights to support inventory planning, sales analysis, and business decision-making.

EDUCATION

Dwaraka Doss Goverdhan Doss Vaishnav College *Chennai*
Master of Computer Applications (MCA) | Percentage: 89% *Aug 2024 – Apr 2026*

Chevalier T. Thomas Elizabeth College for Women *Chennai*
B.Sc. Computer Science | Percentage: 85% *Aug 2021 – Apr 2024*

CERTIFICATIONS

- Certified Generative AI Professional – Oracle
- Database Management Systems – NPTEL
- CRM – Honeywell Program

ACHIEVEMENTS

- Achieved 3rd Place at InLustro (2025) for presenting an AI-Powered Water Quality Monitoring System, effectively communicating the project's design, functionality, and real-world impact to evaluators.
- Awarded Best Social Media Coordinator for managing photography, video editing, and digital content creation for official college social media platforms.
